

winetour

at Pieve de' Pitti

Forget about any other
winetasting you did before,
with many glasses on a
counter and just some
snacks!

Our winetour engages you
in body and taste!

www.pievedepitti.it

We'll bring you in the middle of our vineyards, treading the land, touching branches, leaves and grapes. We will welcome you in the cellar to show you our yeasts working. At the end of the tour, you'll comfortably seat in the Lemonhouse for a chat among friends about wine and oil, tasting the traditional Tuscan dishes, cooked by mum.

We will taste all of our **Vermentino, Trebbiano, Syrah** and **Sangiovese** wines (6 labels in total) matching every glass with delicious food: *bruschetta, crostini, panzerotti, a Tuscan soup* and more *handmade jams and honey, local cheeses and cold cuts*.

Schedule a full morning or an afternoon for that.
You will spend a couple of tasty hours with us!!!

If you enjoyed the tour, send this card to your friends and invite them to join the next one!
